PEABODY MUNICIPAL LIGHT PLANT

ENVIRONMENTAL POLICY

Policy:

The Peabody Municipal Light Plant is committed to the protection of our environment and to the welfare and safeguard of our community. We will provide our customers with economical, safe, and reliable energy in an environmentally responsible manner. We will comply with all applicable environmental laws and regulations and will implement procedures and programs to ensure compliance. We will communicate our environmental policy, goals, and objectives and provide environmental education and training to our employees, suppliers, customers, and community. We will strive to reduce the amount of waste we generate. We will commit to and implement a process of continual improvement.
