Short Subjects.....

Appliance Rebate Program:

PMLP offers a \$50. rebate when you purchase an energy star compliant refrigerator, clothes washer, dishwasher, window air conditioner or dehumidifier. A credit of \$100. is available for central air conditioning units with a SEER (Seasonal Energy Efficiency Ratio) rating of 14 or higher. To request an application call 978-531-5975.

When purchasing a new appliance, always be sure to look for the Energy Star Logo, on the yellow energy guide label, attached to the appliance.

(Rebate offer is subject to availability of funding. Maximum rebates per household (\$100.00)

Free Home Energy Inspections:

Free home energy inspections are available to residential customers. Our in house, home energy inspector will come to your home, make recommendations on conserving energy and provide a written report on how you can save on your energy bills. Call 978-573-1150 for more information.

The New Men in Town:

You may have noticed white line trucks working in your neighborhood or responding to a call you have made to PMLP. Halpin Line Construction, a division of Hawkeye Line Construction, has been hired by PMLP to assist our line crews. We are pleased to have their expertise and professionalism in our community.

Landscaping Tips:

Landscaping and tree planting can beautify your property. Please consider proper placement of trees and shrubs when planning your design. Small plants eventually grow into large plants. Please plant safely and be sure to leave plenty of space around utility equipment, both in the ground and in the air so that we can easily maintain the electric service to your home or business.

Don't Dig Yourself into Trouble:

Summer is here and with the nice weather comes the desire to spruce up your property. Utility accidents are dangerous and costly, so be sure to find out where utilities are buried on your property before you dig.

Dig Safe®, a free service, notifies participating utility companies of your plans to dig. These companies respond to mark out the location of their underground facilities, so damage is avoided.

- For all projects – big or small
- For work on public and private property.
- Give 3 business days (72 hours) advance notice

Call Dig Safe (888-DIG-SAFE) before you dig. It's smart, it's free and it's the law.
